

## Monday Memo – September 8, 2015

### Leadership

- Ginny Van Duyne has been accepted to the nationally recognized *Association of Family Medicine Residency Directors* National Institute of Program Director Development (NIPPD) fellowship for this academic year. The program is designed to provide a comprehensive education in the knowledge, skills, attitudes, and attributes needed by successful residency program directors. Congratulations Ginny!

### Publications

- Stefan Topolski of our Fitchburg residency co-authored a paper entitled, *For every complex problem, there is an answer that is clear, simple and wrong: and other aphorisms about medical statistical fallacies* with Joachim Sturmberg which focuses on nonlinear aspects of truth-telling in medical practice in an effort to improve health care quality measurement. [J Eval Clin Pract.](#) 2014 Dec;20(6):1017-25. DOI: 10.1111/jep.12156. Epub 2014 May 9.

- Monika Mitra and Alixe Bonardi are co-authors on the following publication: Parish SL, Mitra M, Son E, Bonardi A, Swoboda PT, Igdalsky L. *Pregnancy outcomes among US women with intellectual disabilities.* American Journal of Intellectual & Developmental Disabilities. 2015, Vol. 120, No. 5, 433–443. DOI: 10.1352/1944-7558-120.5.433.

- James P. McCormack, Stephen A. Martin, and David H. Newman co-authored *Management of Hyperglycemia in Type 2 Diabetes, 2015: A Patient-Centered Approach. Update to a Position Statement of the American Diabetes Association and the European Association for the Study of Diabetes.* Diabetes Care 2015;38:140–149 Diabetes Care 2015;38:e141–e142 | DOI: 10.2337/dc15-0074 <http://care.diabetesjournals.org/content/38/9/e141.full.pdf+html>

### Service

- Stephen Martin took part on an expert clinician panel for a [two year AHRQ-funded research study](#) aiming to improve diagnostic quality through patient engagement and patient deliberation.
